

Time Manager

Kickoff

T7 - MSc Pool

T-POO-700

Immersion period

Immersion period

The objectives of the pool are:

Immersion period

The objectives of the pool are:

- introduction to new technologies

Immersion period

The objectives of the pool are:

- introduction to new technologies
- increase your skills in the fundamental areas

Immersion period

The objectives of the pool are:

- introduction to new technologies
- increase your skills in the fundamental areas
- getting familiar with new working methods

Project

Project

Time Manager:

Project

Time Manager:

- to be proud of

Project

Time Manager:

- to be proud of
- learning by doing

Project

Time Manager:

- to be proud of
- learning by doing
- evaluated at the end of the pool

Project

Time Manager:

- to be proud of
- learning by doing
- evaluated at the end of the pool
- by group

What do we expect?

What do we expect?

- be rigourous and consciencious

What do we expect?

- be **rigorous** and **conscientious**
- be **smart**: train yourself when needed, go faster otherwise

What do we expect?

- be **rigorous** and **conscientious**
- be **smart**: train yourself when needed, go faster otherwise
- help each others, discuss, **collaborate**

What do we expect?

- be **rigorous** and **conscientious**
- be **smart**: train yourself when needed, go faster otherwise
- help each others, discuss, **collaborate**
- do not think about your grade

What do we expect?

- be **rigorous** and **conscientious**
- be **smart**: train yourself when needed, go faster otherwise
- help each others, discuss, **collaborate**
- do not think about your grade
- focus on your **skills**!

Seven wonders of the pool

Seven wonders of the pool

The pool is divided into 7 themes:

Seven wonders of the pool

The pool is divided into 7 themes:

- API (2 days in class)

Seven wonders of the pool

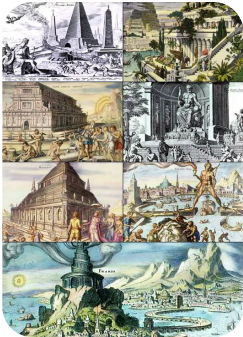

The pool is divided into 7 themes:

- API (2 days in class)
- front-end (2 days in class)

Seven wonders of the pool

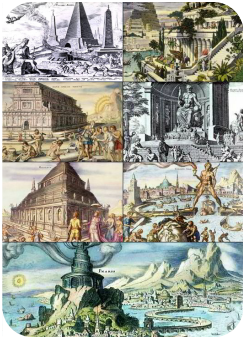

The pool is divided into 7 themes:

- API (2 days in class)
- front-end (2 days in class)
- deployment (1 day in class)

Seven wonders of the pool

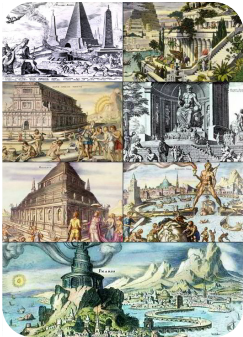

The pool is divided into 7 themes:

- API (2 days in class)
- front-end (2 days in class)
- deployment (1 day in class)
- change management (2 days in class)

Seven wonders of the pool

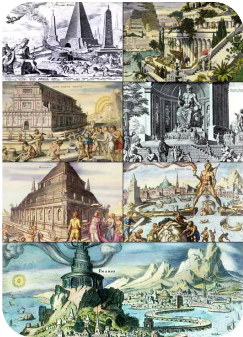

The pool is divided into 7 themes:

- API (2 days in class)
- front-end (2 days in class)
- deployment (1 day in class)
- change management (2 days in class)
- authentication (2 days in class)

Seven wonders of the pool

The pool is divided into 7 themes:

- API (2 days in class)
- front-end (2 days in class)
- deployment (1 day in class)
- change management (2 days in class)
- authentication (2 days in class)
- mobile (2 days in class)

- security (2days in class)

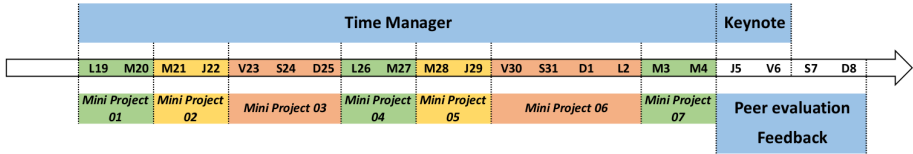

Timeline

- 3 tremendous weeks

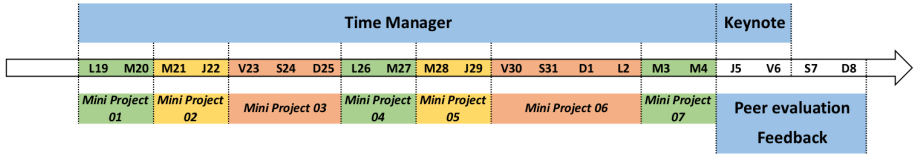

Timeline

- 3 tremendous weeks
- work at your own rythm

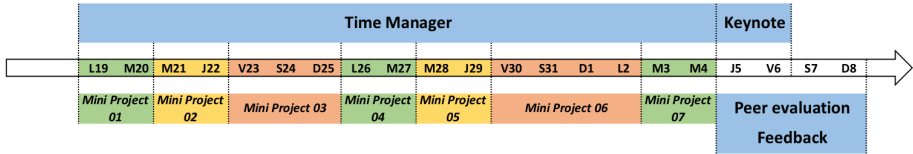

Timeline

- 3 tremendous weeks
- work at your own rythm
- new theme every ~2 days

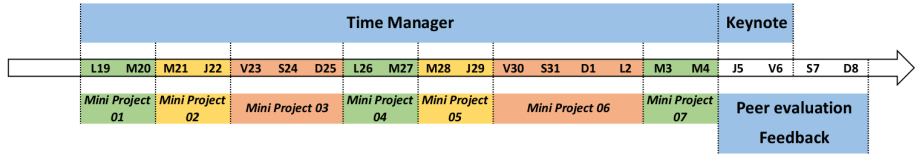

Timeline

- 3 tremendous weeks
- work at your own rythm
- new theme **every ~2 days**
- use spare time to **work on your project**

Timeline

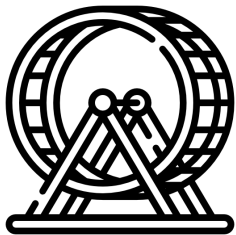

- 3 tremendous weeks
- work at your own rythm
- new theme **every ~2 days**
- use spare time to **work on your project**
- **reinforce** your weaknesses (by self-studying or completing past themes)

Activities

Activities

Each theme includes various pedagogical activities:

Activities

Each theme includes various pedagogical activities:

- kick-offs

Activities

Each theme includes various pedagogical activities:

- kick-offs
- bootstraps

Activities

Each theme includes various pedagogical activities:

- kick-offs
- bootstraps
- mini-projects

Activities

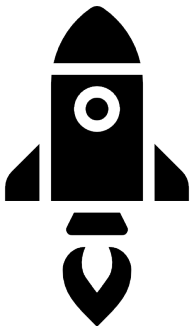

Each theme includes various pedagogical activities:

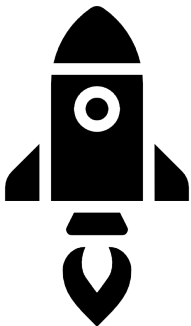

- kick-offs
- bootstraps
- mini-projects
- debriefs

Kick-offs

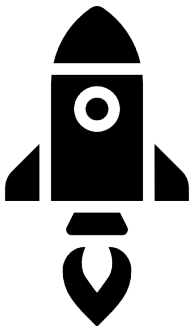

Kick-offs

- to open

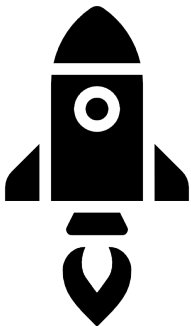

Kick-offs

- to open
- to tease

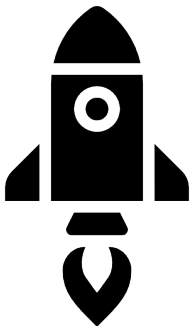

Kick-offs

- to open
- to tease
- to launch

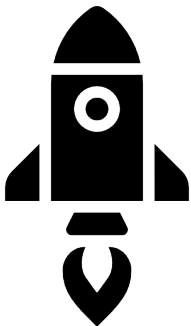

Kick-offs

- to open
- to tease
- to launch
- to exchange

Kick-offs

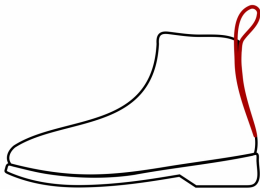

- to open
- to tease
- to launch
- to exchange
- to contextualize

Bootstraps

Bootstraps

- a training experience

Bootstraps

- a training experience
- some skills acquisition

Bootstraps

- a training experience
- some skills acquisition
- many self-assessments (do I need to dig deeper?)

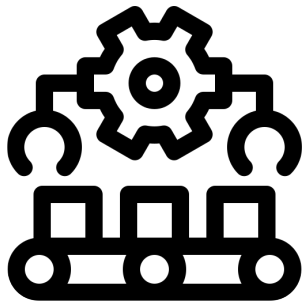

Bootstraps

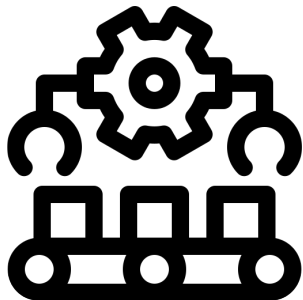

- a training experience
- some skills acquisition
- many self-assessments (do I need to dig deeper?)
- precious help to pull your projects on

Mini-projects

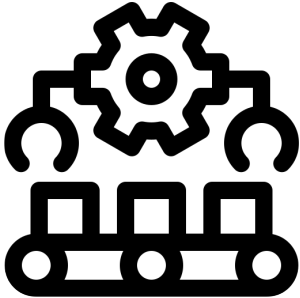

Mini-projects

- isolated brick of the project:

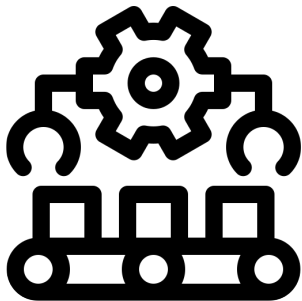

Mini-projects

- isolated brick of the project:
- associated to specific notions

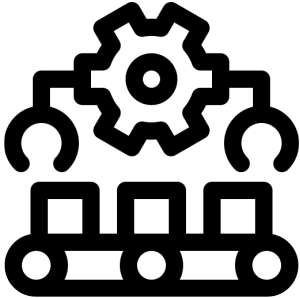

Mini-projects

- isolated brick of the project:
- associated to specific notions
- logically scheduled

Mini-projects

- isolated brick of the project:
- associated to specific notions
- logically scheduled
- often re-usable almost as it is in main project

Debriefs

Debriefs

- frequent

Debriefs

- frequent
- collective

Debriefs

- frequent
- collective
- for bootstaps and projects

Debriefs

- frequent
- collective
- for bootstaps and projects
- to encourage reflexivity

What do we expect? (yes, once more)

What do we expect? (yes, once more)

- be rigourous and consciencious
